Health Guarantee

The seller agrees to give a one year health guarantee, against major hereditary or congenital defects that would result in the death of the puppy. Your new puppy comes with a one year health guarantee, vet checked, current vaccinations and dewormed. All of our puppies are guaranteed to be in good health, free from visible signs of infection and contagious or communicable diseases when purchased. We guarantee the puppy to be free of any life threatening congenital defects for one year from the date of birth. A licensed veterinarian must examine your puppy within 3 days of delivery (unless previously discussed). This exam must be met or the guarantee is void. If your puppy, in the opinion of both veterinarians (buyers & sellers) has any physical problems considered to be life threatening, we will provide you with a healthy replacement puppy of equal value from a future litter.

We must be notified at once at the onset of a problem, in writing, with a report from the veterinarian. If the puppy is returned to us, all shipping charges are the responsibility of the purchaser. To qualify for this guarantee, you must have kept the puppy under the care of a licensed veterinarian. The care must include all vaccinations recommended by the veterinarian. Buyer must keep vet records on all care or guarantee will be void.

Should the puppy die of a birth defect within one year, we will provide a replacement puppy. To qualify for this guarantee, you must have kept the puppy under the care of a licensed veterinarian. The care must include all vaccinations recommended by the veterinarian. To make a claim, you must bring a signed certificate from the veterinarian

stating the cause of death and a copy of all of your puppy's health records. This must include an autopsy and lab report.

Replacement puppy will be mutually agreed upon by both parties and will be from comparable bloodlines. It is understood that the replacement puppy may not be from the exact parents of the original puppy. However, it is our desire to please and will work with our buyers to ensure satisfaction. No puppy shall be euthanized without seller's knowledge and consent (except in extreme cases where humane treatment requires immediate attention).

If the purchaser decides not to return a puppy that has a problem that is covered by our guarantee, this means you forfeit the guarantee. We may reimburse a portion of the purchase price allowing you to keep the puppy. This will be at our discretion. This amount will not exceed one third of the purchase price.

NOTE: There is NO guarantee against hypoglycemia, coccidiosis, parasites, parvo, bacterial or viral infections. There are certain disorders that may be caused by environmental factors, for example: allergies, thyroid dysfunction, prolapse, cherry eye, other eye issues and demodectic mange that are not covered by this guarantee. No joint problems are covered: this includes hips, knees and other joints.

All vet charges incurred by the purchaser are the sole responsibility of the purchaser and will under no circumstances be paid by us.

Powell's Paws agrees to take back any dog/puppy (with all necessary paperwork) at any time after warranty expires, at no cost to Powell's Paws, if the new owner is unable to keep it. This will ensure that the dog/puppy's future welfare is not jeopardized by being in a home where it is not wanted or placed in a shelter.

Any dispute or litigation concerning this health guarantee that cannot be settled by Powell's Paws and new owner must be settled in Berkshire County, MA. This is only to protect us against fraud and con artists.

Our puppies are sold as PET QUALITY puppies. There is no guarantee on the color or size of this puppy now or as an adult.

A boarding fee of \$10.00/per day will be charged for each day the puppy is boarded by the seller past the agreed pick-up date of _____.

Delivery Fees are negotiable (mileage / delivery fee).

Please do not take your puppy into public places unless absolutely necessary, until they have had all of their vaccinations to ensure immunity against disease.
